

Support Strain

Our little school continues to out perform most larger districts in Franklin County.

We need help with:

- Covering the Blankenship attorney payout of approx. \$500,000.00
- Continuing to provide a preschool to our community.
- Offering competitive salaries to retain our teachers and staff.
- With little industry, we rely on residents to support us.

Keeping our school open and thriving is our priority. Our kids deserve to go to school in our community!
